- You can substitute the fpdc (front post double crochet) for a fptrc (front post treble crochet)

With your edging colour

1. Make an **EVEN** amount of foundation dc as many as you need to get the head measurement (crochet stretches and I make mine 2.5cm/1inch smaller than measurement) join with a slip stitch to the top of the chain 3

2. Ch 2, fpdc around the ch 3 of the previous round, ch 1 *skip a dc and fpdc around the next, ch 1* repeat from * to * around, join with a slip stitch to the top of the first fpdc, finish off and sew in ends

3. Join new colour into the top of the fpdc, ch 1 *fpdc around the unworked dc of round 1, ch 1* repeat around join with a slip stitch to the top of the first fpdc, finish off and sew in ends
4. Join new colour into the top of the fpdc, ch 1 *fpdc around the fpdc 2 rounds below (see pic) ch 1* repeat around when you get to your last fpdc, make sure you put your fpdc around the ch 2 AND the fpdc - join with a slip stitch to the top of the first fpdc, finish off and sew in ends

The white round is round 3 and the blue round is round 4

5. Repeat round 4 for as many colours as you like

   Edging
   Join colour into top of fpdc
6. Ch 1, hdc into same stitch *fpdc around front post dc 2 rounds below, hdc into the top (under loops) of the fpdc* * repeat around join with a slip stitch to the top of the first hdc, finish off and sew in ends

   Thank you do choosing my pattern
   Happy crochet
