### Notes

Make your granny square until the outside measurement is ½ inch smaller that the head measurement

1. Magic ring or chain 4 and join to first chain with a slip stitch  
Chain 3, 2 double crochet, into ring chain 2 \*(3 double crochet, chain 2) into the ring\* repeat from \* to \* twice more, join into the top of the chain 3 with a slip stitch. If you are using the same colour on the next row, slip stitch across to chain 2 space. If you are changing colours, finish off
2. Join new yarn into any chain 2 space. Chain 3, (2 double crochet, chain 2, 3 double crochet) into the same chain space as the chain 3, chain 1 \*(3 double crochet, chain 2, 3 double crochet) into the next chain 2 space, chain 1\* repeat from \* to \* twice more. Join into the top of the chain 3 with a slip stitch. If you are using the same colour on the next row, slip stitch across to chain 2 space. If you are changing colours, finish off
3. Join new yarn into any chain 2 space. Chain 3, (2 double crochet, chain 2, 3 double crochet) into the same chain space as the chain 3, chain 1, 3 double crochet into the next chain 1 space, chain 1 \*(3 double crochet, chain 2, 3 double crochet) into the next chain 2 space, chain 1, 3 double crochet in the next chain 1 space, chain 1 \* repeat from \* to \* twice more. Join into the top of the chain 3 with a slip stitch. If you are using the same colour on the next row, slip stitch across to chain 2 space. If you are changing colours, finish off

If you are using worsted weight yarn and a 5.5mm hook – check your measurement here – I got 40cm and that is a good size for newborn – If you have your hat the size you need (see notes) you will continue with the sides of the hat (see below)

- Join new yarn into any chain 2 space. Chain 3, (2 double crochet, chain 2, 3 double crochet) into the same chain space as the chain 3, chain 1, 3 double crochet, chain 1 into the next 2 chain 1 spaces, \*(3 double crochet, chain 2, 3 double crochet) into the next chain 2 space, chain 1, 3 double crochet, chain 1 in the next 2 chain 1 spaces \* repeat from \* to \* twice more. Join into the top of the chain 3 with a slip stitch. If you are using the same colour on the next row, slip stitch across to chain 2 space. If you are changing colours, finish off

If you need to make your hat larger continue with the last round. Each round you will have another group of 3 double crochet on the straight side of the granny square, for example the next row will have 3 double crochet, chain 1 in the **next 3** chain 1 spaces, the following row will have 3 double crochet, chain 1 in the **next 4** chain 1 spaces

#### Sides of hat

- Join new yarn into any chain 2 space. Chain 3, 2 double crochet, chain 1 \*(3 double crochet, chain 1) into every chain 1 and chain 2 space. Join into the top of the chain 3 with a slip stitch. Finish off
- Join new yarn into any chain 1 space. Chain 3, 2 double crochet, chain 1 \*(3 double crochet, chain 1) into every chain 1 and chain 2 space. Join into the top of the chain 3 with a slip stitch. Finish off
- Repeat last round until you are ½ inch shorter than the height you need your hat

#### Edging

- Chain 1 (does not count as a stitch) half double crochet into each stitch around including the chain 1 space, join to first half double crochet with a slip stitch
- Chain 1, half double crochet into the back loop only in each stitch around, join to first half double crochet with a slip stitch
- Repeat last round for as many desired
