- **Once you have completed row 1 you will be able to see if this is going to fit. This is the opening of the garment – you can compare this to the neck opening (see black arrow, ignore red arrow until next step) of a loose fitting garment in the same size**
- **NOTE: some T-shirts have tight neck holes, have a look at a few of your tops and pick a neckline you are comfortable with**

- It is very easy to adjust the armhole depth - see red arrow in above pic – so if you have your neck the right size you are good to go 😊
- Measure the neck (all the way around) and write it here _____
- Measure the armhole (red arrow) and write it here _____
- Measure the length from top to bottom of the shirt and write it here _____
